CME 2017

Nephrology...Beyond the "Routine"
Doubts - Unlooped, Filtered & Cleared

Sunday , 19th Nov 2017

Imperial Banquets ,
3rd floor, Raghuleela Mall, Near Vashi railway station,
Sector 30, Vashi, Navi Mumbai.

Dear Colleagues

Greetings from Navi Mumbai Association of PEDIATRICS.

It gives us immense pleasure to host the 6th Annual CME of the esteemed Dr. Athavale Foundation and Pediatric Alumni LTMGH, an institute which has been the alma mater to many of us. The CME is scheduled on 19th November 2017, Sunday at Imperial Banquet, Raghuleela Mall, 3rd floor, Vashi Navi Mumbai.

This year's theme is

Nephrology - Beyond the "Routine".

Doubts - Unlooped, Filtered & Cleared.

Pediatric Kidney diseases are common in office practice but are often diagnosed late due to subtle and camouflaged clinical presentations leading to life-long morbidities. Let's enrich our grey cells and decode the mysterious grey zones in nephrology with the help of renowned experts in the field of nephrology through intriguing clinical case scenarios, twists in the tales and intellectual interactions and panel discussions. Much more to nephrotic syndrome, sound of nephron (USG), learning to deal with raised creatinine without raising your blood pressure.

We promise you an "optimum renal dose" neither toxic nor saturating to your neurons, but apt to help you learn and apply in your general pediatric practice. So hurry to board this flight of knowledge as limited seats only and courier us the attached form with a cheque to the conference secretariat.

We look forward to welcome you all with warmth in our hearts and spright in our actions.

Regards

Organising Team
DAFPAL 2017.
